

Humanitarian Aid for displaced Families in Saida 10 th October 2024

Upf Lebanon collaborated with Sheikh Sohaib and his Olfah Association, to distribute Milk and Diapers for the babies and small Children, as this was most needed by the families.

Due the saftey precautions we could not go to Saida ourself, also the Supermarket, said they cannot deliver the items to Saida.

Hence we arranged with Sheikh Sohaib to pick up all the things from Beirut.

Thanks to the funding we received from IRFF Germany, we could give over 100 pkgs of Milk and over 100 pkgs of Diapers to the displaced Families in Saida.

When all the items were picked up in Beirut, and brought to a School in Saida, where all the displaced Families are staying, Sheikh Sohaib and his team have initiated the distribution of the Milk and Diapers, right away.

We truly wish to Thank IRFF Germany for their great support and making it possible for us to help this families, by giving them the Milk and Diapers, that were really desparately needed for their newborn Babies and small Children.

Thank you

**Sincerely
Hermine Schellen**
